| # | KEY NOTES & ASSUMPTIONS | FUND |
|---|---|---------------|
| 1 | Anticipated Envelope / Online Offerings have been budgeted 5% lower than last year since we expect our contribution number to come in lower than expected based on current projections for this year. It is assumed that church members will continue to strongly support Zion through their 2024 contributions and will assist with potential membership growth to help offset this gap. | Current (Inc) |
| 2 | School Contribution is increasing by 5% as approved by the School Board and Council. This reflects the school's positive financial situation currently and the ability for a larger contribution to be given back to the church to help cover increasing operating expenses for 2024. | Current (Inc) |
| 3 | Additionally, a School Budget Transfer of approximately \$46K is again included in this year's budget to highlight the anticipated amount that the school expects to be able to contribute back to the church as a result of their overall financial strength for the year. This amount may vary depending on the financial health of the school's budget throughout the year. | Current (Inc) |
| 4 | The budget also includes the transfer of approximately \$77K from other designated church funds, including the Ministry Fund, to help cover expenses for the 2024 fiscal year. | Current (Inc) |
| 5 | A 5% Cost of Living Adjustment (COLA) has been budgeted for all salaried church employees. Social Security COLA for 2023 8.7% while it was recently announced that the 2024 Social Security COLA will be 3.2%. Also, the school employees were previously approved for a 5% increase for the 2023 - 2024 school year as well. | Current (Exp) |
| 6 | The Pastor's compensation is budgeted to increase by 4.3% for 2024 with the assumption that a full-time Pastor will be starting in early 2024. Any delay in obtaining a full-time Pastor while continuing with a Supply Pastor, will lead to a smaller Pastor compensation expense for the year. | Current (Exp) |
